Our events begin in January for pre-season, and the Challenge Series runs from March to October. Sponsor race entries are good for any event held at the Shasta Speedway and are transferable! Thunderhill events are excluded, and race entries expire at the end of the season.

Would you like to be the Title Sponsor for an individual race? We are interested in talking to you! Ideas include bringing your employees or clients for ride-alongs, including your company logo on race day trophies, updating our social media and schedule with your company name as Title Sponsor of the event, and including your provided signage at the event. Use the event as an opportunity to present your products / services to our group. Please call Jeremy or Brian to discuss.
